

IMAGINATION
GAMING

Welcome to the world of Imagination Gaming

Using modern twists on traditional style table-top games, and a variety of creative activities, Imagination Gaming offers solutions to engagement and learning in educational and social organisations. We cater for all ages and abilities, focusing on enjoyment and learning in equal measure, so whether you want to raise attainment in school, bring a community together or just put on a good show, we get results.

The best bit? It's fun for everyone involved!

Transitional & Holiday Activities

Have Fun, Make Friends & Learn Something New!

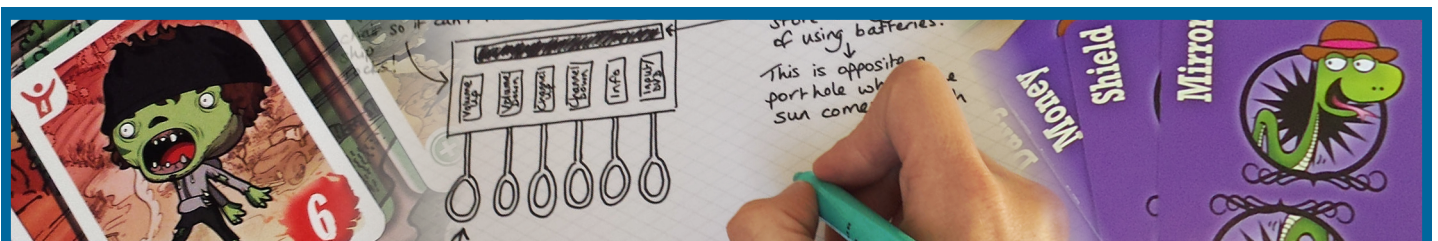

Cool cards, intriguing boards, collectible dice and roleplay. Balancing buildings, buying and selling, cunning and stealth, perception and strategy, speed and timing, secrecy and bluff. Throw in some oversized games and creative workshops and there's something for everyone - all while encouraging participation, developing and showcasing new skills and building memories.

Exciting, Engaging & Educational Activities

We can provide a range of activities for multiple groups across the full length of the holiday programme with genuine impact and measurable results.

- Tournaments -
- Numeracy and Literacy Based Gaming -
- Mad Scientist & Dragon's Den Workshops -
- Story Challenge and Creative Writing -
- Team-Building Activities -

Whether it's a single day's worth of provision you're after, a week long programme or even more, we can deliver a range of workshops and activities to excite and unite your students, bespoke to your needs.

More?! Of course! You can see much more on our website, blog and social media about the events we do, not only for schools, but communities and organisations nationwide... or even better, **just ask...**
