

I think my friends would like the game since it is very enjoyable and fun to play. I also think my younger friends would enjoy the game because of its recognizable fairytale characters.

Three Chapters also includes lovely, wooden, handcrafted pieces such as stars, gems and hearts. The pieces help you earn points and could also help you win the game. The best piece to get is the star since it earns you 5 points and the others only earn you 1 and 2.

I would definitely want to play this game again since when I played I didn't earn any points so if I got to play again I would try even harder and hopefully earn more points. If I could add something to the game I would change the stars points from 5 to 10 to make the person who won get a fully deserved prize.

If I would have to rate the game I would give it a strong 9 out of 10 or 4 and a half stars out of 5. I would recommend this game to all my family and friends since it was so fun to play and tested your fairytale knowledge.
